Refund Day This Month

This is the month that you can get your money back; this is an event that we have twice a year, and that is one of the ways that we have to help us share the profits that we derive during the month. It's like this: We have Mr. Bynum of the National Bank of Commerce to pick a number which indicates the day that is to be REFUND DAY. We have this number in the vault in a sealed envelope, and no one can find out the day that is to be refund day until the first of next month, at which date we open the sealed envelope and we advertise the day, then everyone that has made a purchase on that advertised day, bring their duplicate checks showing the day and amount of the purchase, and in return we give you a bank check, which you can cash wherever you please, as we do not ask you to spend the money in our store, and you are in no way obligated to us after you get your check.

COUNTY CONVENTION SATURDAY AFTERNOON

Mostly Ferguson Delegates To State Convention—Administration Enclosed.

The Potter county Democratic convention was held in the county courthouse Saturday afternoon at 2:30.

J. W. Crankington was elected to preside over the convention and Tom Currie was elected secretary.

There were no contests in the meeting of delegates and that matter was quickly disposed of.

Resolutions were passed endorsing the present national administration, the tariff and currency laws, repeal of Panama canal tolls, exemption, the Alaskan Railway bill, the Mexican policy and the anti-trust program, and instructing the delegates to state convention to vote for the adoption of similar resolutions at the state convention at El Paso.

A special resolution was adopted instructing the delegates to the state convention to oppose any and all expression of antagonism to the president that may be made in that convention.

A committee of three, consisting of C. E. Plummer, Martin Jones and J. F. Turner, was appointed to nominate delegates to the state convention and the following were chosen:

General Convention—M. J. H. Jackson and Del Harrington.

Subsidiary Convention—A. B. H. Jackson and E. T. Miller.

UNITY TO MISSOURI
FARMER PROVES FACT.

George Francis, live young man from Missouri who was injured on Monday by jumping on a fork handle in Ochiltree county, died Saturday morning shortly before 5 o'clock. His condition was such when he was brought to Amarillo that the physicians who attended him gave almost no hopes from the first.

The deceased leaves a wife, father, mother, sister and brother to mourn his untimely demise.

The remains were prepared for burial at the local undertaking parlors and were shipped to the home of his parents at McLean where the funeral and burial will occur this morning at 10 o'clock.

REV. PRYDE HEREAFTER
PASTOR NORTH SIDE ONLY

Rev. Robert Pryde, who has had charge of the Tabernacle and Second Baptist churches for the past year, preaching half time at each place, has resigned from the work at the Tabernacle church, having accepted the call of the Second church on the North Side to resume full time pastorate of that church. Rev. Pryde is now on his third year as pastor on the north side and the work is steadily growing under his leadership.

Meanwhile, the Tabernacle church will be in charge of Rev. S. P. Clements, a provisional missionary until such time as a pastor is called.

Hereafter regular preaching services will be held at the North Side church every Sunday, beginning today, August 2.

Hundreds of Women
nowadays are entering the professions or business world and go to work day after day in bad health, afflicted with some female ailment, dragging one foot wearily after the other, working with an eye on the clock, and wishing for closing time to come.

Women in this condition should take Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. It has brought health and happiness to more women in America than any other remedy. Give it a trial.

FARMERS' SHORT COURSE ATTRACTING ATTENTION

At Least A Reasonably Good Attendance Secured For Opening Year.

Those who have been active in arranging for the Panhandle Farmers' Institute and Short Course continue to meet with much encouragement. From communications received and from the attention that is being given the matter by the press of the Panhandle, it seems reasonable that the attendance at this, the first meeting of the kind in this part of the state, will be sufficient to insure the permanency of a Short Course here, adapted especially to the farmer of this territory.

Not only will this prevent the necessity of our farmers going to the expense of a trip across Texas for the same information, but it will avoid the necessity of listening to long addresses that are only applicable to some other portion of the state.

The following communication from the Farmers' of Wasdale, through their secretary, will be of interest to all who are concerned

about the welfare of our farmers: Wasdale, Tex., July 23, 1914. Mr. P. E. Rosen, Secy. Board of City Development, Amarillo, Texas.

Dear Sir: Your announcement of the District meeting of the Farmers' Institute and Short Course has just been received. I wish to thank you for the courtesy and assure you that I expect to be with you. The need of such a meeting for the Plains was deeply impressed on me while at the recent state meeting at College Station I met but very few from this part of the state. The distance is so great but few are willing to spare the time for the trip. Again as you say, the time is largely consumed on matters which are not of much interest to the people of the Plains. A discussion of our own problems at a central point as Amarillo, cannot fail to be of great value. It is the only feasible plan of doing the most effective work. By rail and by auto Amarillo can be reached by a large number who will not doubt wish to get in touch with this great undertaking when they understand its purpose. You speak of the purpose of the Amarillo Board of Development. Having had the good fortune to be with you at the opening of the Panhandle fair last year, and having met many of your leading men, I feel assured that the development of all this Panhandle

country is the task Amarillo people have undertaken. On behalf of the Wayside Farmers' Institute allow me to extend through you an assurance of our appreciation for their efforts.

Very Sincerely,
A. D. MCGHEE,
Sec. Wayside Farmers' Institute.

Chinese Caught in Freight Car.
Federal Inspector E. P. Reynolds and Constable A. J. Davis, of Chillicothe, Texas, came in on the north-bound Denver last night having in custody three Chinese who were apprehended in a sealed freight car on the Orient road and who were being smuggled into the United States from Mexico.

Inspector Reynolds and Constable Davis will leave this afternoon for El Paso with the Orientals where they will be placed in detention and given a hearing. Criminal prosecution will likely be instituted against the smugglers.

BORN.
To Mr. and Mrs. W. D. DeGraaf, at 367 1/2 Seventh street, on Sunday evening, August 1, a son.

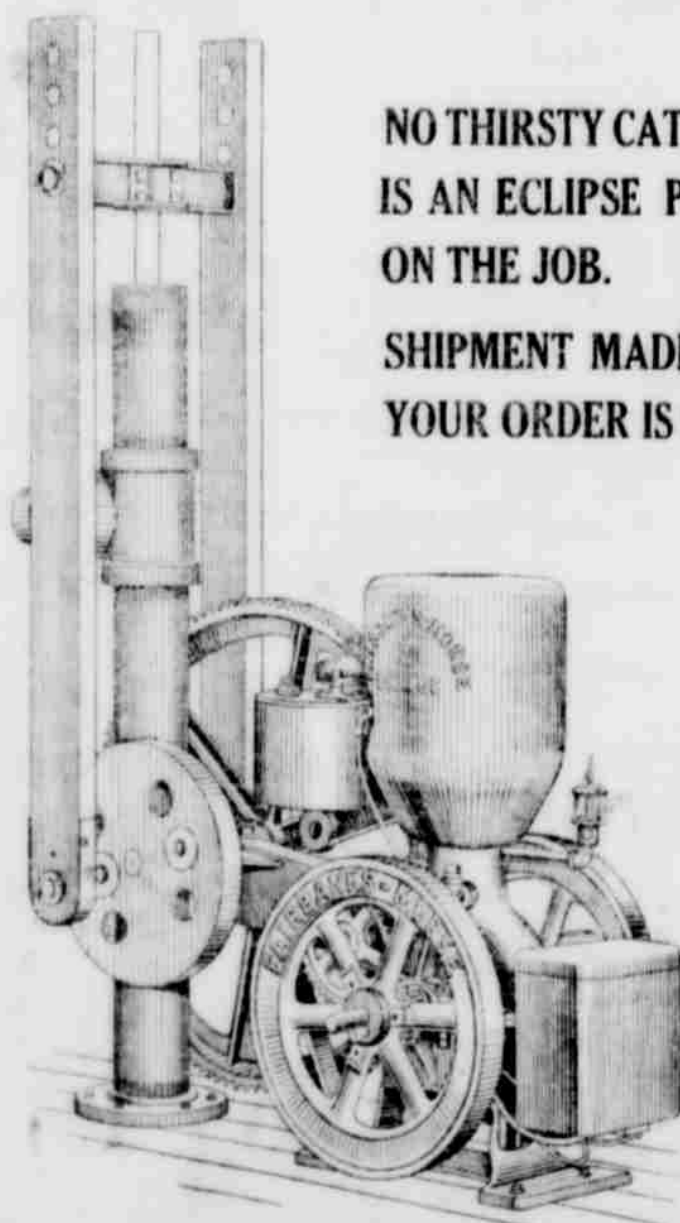

DEPARTURE.
Dr. Sutherland has not moved his office, still over National Bank of Commerce 5th and Polk St.
